## Financial review for the six months ended June 30, 2020

### ComBank's assets cross milestone Rs 1.5 trillion in 1H 2020

- **Pandemic concessions affect income**
  - Net interest income & Net fee and commission reduce by Rs 2.130 billion
  - Impairment charges grow by 67.56% - up by Rs 3.735 billion
  - Capital gains and exchange profits increase by Rs 6.744 billion

The Commercial Bank of Ceylon Group has reported mixed results for the first half of 2020, with robust top line growth negated by a combination of factors including pressure on interest margins due to reduced credit demand and interest concessions granted as pandemic relief to borrowers, increasing impairment provisions and low yields on surplus liquidity.

Comprising of Commercial Bank of Ceylon PLC – the country's largest private bank – its subsidiaries and associates, the Group saw its assets grow by a healthy 11.19% over the six months to cross the milestone Rs 1.5 trillion mark in the second quarter of the year, and gross income improve by 2.15% to Rs 75.167 billion in the review period.

However, with interest income declining by 5% to Rs 61.393 billion for the six months ending 30<sup>th</sup> June 2020 and by 11.05% in the second quarter alone, mainly due to recognition of a day one /modification loss on interest concessions offered to customers affected by the COVID-19 pandemic under the special concessions mandated by the Central Bank and Bank's own concessionary payment schemes, net interest income for the period reviewed reduced by 5.71% to Rs 22.767 billion and by 16.98% to Rs 9.984 billion in the second quarter, adding pressure on net interest margins, the Bank disclosed in a filing with the Colombo Stock Exchange (CSE).

The Bank's ability to limit the decline in net interest income for the six months to 5.71% was due to its success in reducing interest expenses by 4.57% to Rs 38.626 billion via timely repricing of its liabilities in the review period.

With taxes on financial services for the period reducing by 42.48% to Rs 2.073 billion due to the abolition of the Debt Repayment Levy (DRL) and Nation Building Tax (NBT) from January 2020 and December 2019 respectively, the Group recorded profit before income tax of Rs 11.117 billion, an improvement of 7.40% over the first half of 2019.

Income tax expenses reduced by a marginal 0.24% to Rs 3.669 billion due to tax concessions on the Bank's Sri Lanka Development Bonds portfolio that were not available in the corresponding period of last year, enabling the Group to report profit after tax of Rs 7.448 billion, a growth of 11.61%.

Taken separately, the Commercial Bank of Ceylon generated a profit before taxes on financial services of Rs 12.511 billion for the six months under review, a decline of 8.17%. Mirroring the Group trend the Bank achieved profit after tax of Rs 6.961 billion, an improvement of 7.65%.

Total assets of the Group grew by Rs 158 billion or 11.19% since 31<sup>st</sup> December 2019 to Rs 1.567 trillion as at 30<sup>th</sup> June 2020. Asset growth over the preceding 12 months was Rs 200.568 billion or 14.68% YoY.

Gross loans and advances grew by Rs 10.829 billion or 1.16% since end 2019 to Rs 941.567 billion at the end of the six months reviewed. The growth of the loan book over the preceding year was Rs 52.644 billion reflecting YoY growth of 5.92%.

Total deposits recorded a growth of Rs 86.237 billion or 8.07% over the six months to reach Rs 1.155 trillion as at 30<sup>th</sup> June 2020, reflecting an average monthly growth of over Rs 14 billion. Deposit growth since 30<sup>th</sup> June 2019 was Rs 118.069 billion or 11.38% at a monthly average of Rs 9.84 billion.

Elaborating on some of the key elements that impacted Group performance, the Bank said net fees and commissions had reduced by 15.52% for the six months to Rs 4.088 billion as a result of a 31.37% reduction in this component in the second quarter of the year due to the disruption caused by the COVID-19 pandemic and the reduction of fees and charges by the Bank as required by the regulator.

However, the negative impact of this decline was cushioned by other income growing by a whopping 173.89% to Rs 8.583 billion, principally because an increase in exchange profit and capital gains had resulted in net other operating income recording close to a four-fold increase, from Rs 1.675 billion to Rs 6.506 billion.

Gains in exchange income from swap trading and foreign currency trading and translation gains of Rs 963.3 million from US Dollar denominated reserves due to a 2.4% depreciation of the Rupee in the first half of 2020 resulted in exchange profit growing four and a half times from Rs 1.422 billion to Rs 6.387 billion, the Bank disclosed.

In addition, net gains from de-recognition of financial assets increased from Rs 355.693 million to Rs 2.134 billion in the review period mainly due to capital gains on the sale of government securities. However, the Bank posted a net trading loss of Rs 58.185 million as against a trading gain of Rs 1.103 billion because the figure for the first half of 2019 was swelled by unrealised gains of Rs 1.266 billion on forward, spot and swap transactions, as against a loss of Rs 304.493 million in the first half of 2020.

However, the negative impact of the unrealised losses on forward, spot and swap transactions was partly negated by mark to market gains of Rs 674.357 million on treasury bills and bonds as against mark to market gains of Rs 50.2 million in the corresponding six months of the previous year.

In other key indicators, the Bank's Tier 1 capital adequacy ratio (CAR) improved to 13.020% as at 30<sup>th</sup> June 2020, helped by a reduction in risk-weighted assets due to an increase in investments in government securities and the impact of more loans being categorised as low risk weighted following the Central Bank's direction to increase the turnover-based ceiling for the SME loans segment. The Bank's Tier I CAR was well above the revised minimum requirement of 9% imposed by the regulator consequent to the COVID-19 pandemic, while its Total Capital Ratio of 16.866% was also comfortably above the revised requirement of 13%.

An imminent US\$ 50 million equity investment in Commercial Bank by the IFC via a private placement would further boost the Bank's Tier I capital and enhance shareholder value, the Bank said.

The Bank's gross NPL ratio increased to 5.37% from 4.95% at end 2019 while its net NPL ratio increased to 3.19% from 3.0%.

The Bank's interest margin reduced to 3.04% for the six months from 3.51% at end December 2019. Return on assets (before tax) and return on equity stood at 1.43% and 10.21% respectively as at 30<sup>th</sup> June 2020 from 1.66% and 13.54% at the end of 2019.

As part of its response to the COVID-19 pandemic, Commercial Bank launched a series of concessions and facilities to help businesses and individuals recover from the adverse effects of the pandemic, in addition to its conformance with regulator-mandated concessions. The Bank launched two separate bank-funded support loan schemes for SMEs and micro enterprises, special payment relief schemes for existing borrowers, special repayment plans for Credit Card customers and slashed interest rates across the board on all categories of loans.

The first Sri Lankan Bank to be listed among the Top 1000 Banks of the World and the only Sri Lankan bank to be so listed for 10 years consecutively, Commercial Bank is celebrating its 100th anniversary this year. The Bank, which won more than 50 international and local awards in 2019, operates a network of 268 branches and 873 ATMs in Sri Lanka.

Commercial Bank's overseas operations encompass Bangladesh, where the Bank operates 19 outlets; Myanmar, where it has a Representative Office in Yangon and a Microfinance company in Nay Pyi Taw; and the Maldives, where the Bank has a fully-fledged Tier I Bank with a majority stake.

- 1 There were no changes to the Accounting Policies and methods of computation since the publication of the Annual Report for the year ended December 31, 2019 other than those disclosed under items 4 to 7.
- 2 These Interim Financial Statements have been prepared in compliance with the requirements of the Sri Lanka Accounting Standard - LKAS 34 on 'Interim Financial Reporting' and provide the information as required in terms of Rule 7.4 of the Colombo Stock Exchange.
- 3 **Amendments to the Income Tax Law Announced by the Government**  
As per notice dated April 08, 2020 issued by the Inland Revenue Department on "Implementation of Proposed Changes to the Inland Revenue Act No. 24 of 2017", effective from January 01, 2020;
  - Corporate Income Tax rate was revised from 28% to 24%. However, such revisions were not considered in computing the income tax liabilities, pending legal enactment and formal amendments to the Inland Revenue Act.
 If the above proposal was considered, the impact to the Income Statement for the period ended June 30, 2020 would be an Income Tax expense of Rs. 34.032 Mn. (reversal of Rs. 417.871 Mn from Income Tax payable and a Deferred Tax expense of Rs. 451.903 Mn)  
Further, the impact to the Statement of Profit or Loss and Other Comprehensive Income would be a Deferred tax reversal of Rs. 560.981 Mn.
  - Exemption announced as per the aforementioned notice on interest income from Sri Lanka Development Bonds, effective from April 01, 2018 was availed by the Bank. However, other exemptions eligible to be claimed effective from January 01, 2020, were not considered in computing the income tax liability as at June 30, 2020, pending legal enactment and formal amendments to the Inland Revenue Act.
- 4 **Impact due to the COVID - 19**  
The outbreak of COVID 19 has caused disruption to business and economic activities, and uncertainty to the global and local economy. Subsequent to the outbreak of COVID 19 in Sri Lanka, the Bank has strictly adhered to the guidelines and directions issued by both Government and Central Bank of Sri Lanka (CBSL) when conducting its business operations. Further, the Bank has provided reliefs for the affected businesses and individuals in line with the directions issued by the CBSL. These relief measures include deferment of repayment terms of credit facilities, offering concessionary rates of interest to eligible loan products (debt moratorium) and waiving off certain fees and charges.  
  
The impact of the COVID 19 on the loans and advances portfolio of the Bank has been assessed and adjusted in these Interim Financial Statements as at June 30, 2020 based on the available information and assumptions made as at reporting date in line with the guidelines issued by CBSL and CA Sri Lanka. However, the actual losses may differ from the assessment due to the uncertainty.
- 5 **Fair Valuation of Foreign Currency Denominated Government Bonds**  
The Bank carries foreign currency denominated government bonds (Sri Lanka Development and Sovereign Bonds) amounting to Rs. 92.56 Bn (after reclassification) which are classified under fair value through OCI. However, due to the volatility in the financial markets and significant decrease in the value and level of activities since March 2020, the Bank is of the view that the prices observed as at June 30, 2020, do not reflect the fair value as at June 30, 2020. Accordingly, the Bank has considered the active market yields prevailed as at end February 2020 and purchase yields for the fair valuation of Sri Lanka Sovereigns Bonds which were purchased prior to that date and after to February 28, 2020 respectively. The last auction rates of floating rate bonds from the auctions held during January 2020 were considered in determining the fair value of the Sri Lanka Development Bonds as the Bank's Sri Lanka Development Bonds portfolio consists of only floating rate bonds.
- 6 **Reclassification of Sri Lanka Sovereign Bonds**  
The Bank reclassified part of its Sri Lanka Sovereign Bond (SLSB) Portfolio amounting to Rs. 28.44 Bn. from Fair Value Through Other Comprehensive Income (FVOCI) to Amortized Cost, as a result of changes to the business model of managing the assets with effect from June 30, 2020, in line with the guidelines issued by the CA Sri Lanka on Accounting Consideration with the Covid 19 Outbreak. There was no change to the effective interest rate used and interest income recognized o/a reclassified SLSB Portfolio for the for the period under review
- 7 **Impairment Provision**  
The Bank considered the Probability of Default (PD), Loss Given Default (LGD) and Economic Factor Adjustment (EFA) computed as at December 31, 2019, in order to estimate the Expected Credit Loss (ECL) as at June 30, 2020, as the Bank is of the view that the information available as at June 30, 2020 are not sufficient enough to compute the ECL as at June 30, 2020. However, the Bank decided to increase the weightages assigned for worst case scenario by 20% while reducing the weightages assigned for base case scenario and best case scenario by 10% each respectively. when assessing the probability weighted forward looking macro-economic indicators and stressed the LGDs with a management overlay with the objective of capturing the impact of COVID 19 on the ECL computation as at June 30, 2020.
- 8 **Private Placement of Shares**  
The Board of Directors of the Bank has resolved to issue upto One Hundred and Twenty Five Million (125,000,000) ordinary voting shares of the Bank by way of a private placement to International Finance Corporation, IFC Financial Institutions Growth Fund LP and IFC Emerging Asia Fund LP together being the IFC parties at a consideration of Sri Lanka Rupees 80/- per share for a total consideration not exceeding the Sri Lanka Rupee equivalent of upto USD 50 Mn.  
  
The proceeds of the issue of the private placement shares will be utilised to raise the Tier 1 Capital of the Bank to support business growth envisaged in the future of the Bank.  
The issue of the private placement was approved by the shareholders of the Bank at an Extraordinary General Meeting held on August 12, 2020.
