

Interim Financial Statements for the Six Months ended 30th June 2017

FINANCIAL COMMENTARY FOR THE 06 MONTHS ENDED 30TH JUNE 2017

- Group PAT Rs 7.5 Bn
- · Bank PBT exceeds Rs 10 Bn

Hatton National Bank PLC (HNB) posted a profit before tax (PBT) of Rs 10 Bn recording a year on year (yoy) growth of 10.1% during the first six months of 2017 while post-tax profits (PAT) grew by 11.3% to Rs 7.1 Bn.

The sound performance was driven by the core banking business with interest income, rising by 38.8% yoy to Rs 46.5 bn. This was supported by a 19.3% yoy growth in advances. The growth in CASA deposits to Rs 245.9 Bn in a high interest rate environment enabled HNB to maintain interest margins and record a 20.5% growth in net interest income to Rs 19.1Bn.

Fee and Commission income for the 1H 2017 was recorded at Rs 4.1 Bn representing an increase of 21.5% over the corresponding period of 2016. Fees from the credit card business, trade finance and bank guarantees remained the key contributors towards this growth.

The net loss from trading increased to Rs 889.3 Mn from a loss of Rs 523.3 Mn experienced during 1H 2016. This was mainly due to the relatively higher swap rates and the depreciation of the rupee during the period under review compared to the 1H of 2016. Conversely the positive impact on position revaluation was reported under 'other operating income' which improved to Rs 1.3 Bn from Rs 1.1 Bn in the corresponding period of 2016.

The extreme weather conditions coupled with the high interest rates saw a marginal deterioration in asset quality in line with the industry. As at end of 1H 2017 HNB's NPA ratio stood at 2.2% and continued to be better than the average of 2.7% recorded by the industry. Impairment on individually significant loans increased to Rs 591.3Mn from a reversal of Rs 31.2 Mn in the previous year, which included the impact of the recovery of few large loans in the corresponding period of 2016. The collective impairment for the period also increased to Rs 854.5 Mn from Rs 162.4 Mn in 2016.

The Bank successfully contained the increase in operating expenses to 9.4% through the relentless pursuit of operational excellence initiatives over a period of time. Accordingly, the cost to income ratio of the Bank improved to 41.4% yoy by 380 bps. This is a transformational improvement compared to the cost to income of 54.5% reported five years ago.

Charges for VAT and NBT increased significantly by 47.1% yoy mainly due to the upward revision of the VAT rate to 15% from the 11% which prevailed during the period up to June 2016.

The return on assets (ROA) for the period stood at 1.6% while return on equity (ROE) was at 17.7% for the six months ended June 2017.

The Bank's other comprehensive income for the period under review recorded a gain of Rs 1.2 Bn compared to a loss of Rs. 2.7 Bn in June 2016. This is mainly due to the gain in fair value on equity investments and government securities accounted for as available for sale financial assets, as opposed to the fair value losses incurred in the previous period.

The Bank's loan book expanded to Rs 627 Bn, representing a growth exceeding Rs 100 Bn over the previous 12 month period. The growth in assets was supported by a strong growth of Rs 116 Bn in deposits during the same period.

The tier I capital adequacy ratio for the Bank as at end of H1 2017 stood at 9.8% while the total capital adequacy ratio was at 13.1%. In July 2017, the Bank offered 56,029,966 voting shares and 14,093,547 non-voting shares to its existing voting and non-voting shareholders respectively by way of a rights issue with the objective of supporting balance sheet growth and meeting the stringent Basel III capital adequacy requirements. The funds raised through the rights issue would enable the bank to improve its capital adequacy levels further as required by the Basel III guidelines which are effective from July 2017.

All group companies complimented the performance of the Bank, resulting in Group PBT growing by 7.5% yoy to Rs 10.8 Bn and the Group PAT attributable to equity holders increasing by 8.6% to Rs 7.2 Bn.

During 2017 the Asian Banker adjudged HNB as the 'Best Retail Bank in Sri Lanka' for the 9th time while also recognizing as the 'Best Micro finance Product in the Asia Pacific Region'. The 'AsiaMoney Magazine' awarded HNB as the 'Best Bank for SME' and the 'Best Bank for CSR' in the country'. Most recently, CFA Sri Lanka bestowed HNB with a 'Bronze' award for 'Best Investor Relations' while HNB's Annual Report was adjudged to be among the top 10 integrated reports at the CMA Sri Lanka awards 2017. HNB's leadership in technology was also recognized with the Bank's ATM network being recognized as the 'Best ATM Network of the Year' at the Lanka Pay Technnovation Awards 2017.

HNB is the first local Bank in Sri Lanka to receive an international rating on par with the sovereign from Moody's Investor Services while maintaining a national long term rating of AA - (lka) from Fitch Ratings Lanka Ltd. HNB is also ranked amongst the top 1000 banks in the world by the prestigious Banker Magazine.
